DETAILED ACTION

Response to Amendment

The amendment filed on 12/10/03 has been considered. Applicant's arguments are deemed to be persuasive.

Claims 1, 4-17 are pending.

Claims 8-16 are withdrawn from consideration as being drawn to a non-elected invention. Applicant is requested to cancel these claims in response to this action.

Claims 1, 4-7 and 17 are currently under consideration.

New Grounds of Rejection

Claim Rejections - 35 USC § 112

Claims 1 and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In these claims applicant states "a method for identifying neoplasias responsive to treatment with compounds that selectively inhibit neoplasia...". This terminology is confusing. This preamble states that applicant is using compounds that are known to inhibit neoplasia to identify the neoplasia that the compound treats. If it is known that the compound treats a certain neoplasia, then there is no need to identify the neoplasia. The Examiner suggests using the phrase --cGMP-specific PDE activity-- in place of neoplasia in line 2 of each claim.

Allowable Subject Matter

Claims 4-7 are allowed.
